

TOLEDO CLUBBER RESUMES WORK, KILLS WOMAN

MINISTER'S WIDOW ADMITS POISONING ANOTHER HUSBAND

Police Claim Mrs. Christy
Tells of Administering
Fatal Dose.

REVEALS SHE HAD EIGHTH HUSBAND

Told Last Husband Poison
Was Soda, According to
Her Confession.

East Liverpool, Jan. 19.—Mrs. Laura E. Christy, 48, charged with first degree murder in connection with the death of Rev. William Christy, 36, who died last Wednesday, made a second statement last night, in which police say she admitted giving poison to two of her alleged eight husbands.

According to the purported admission, she administered poison in a capsule to John Ebert, 50, pottery worker, who died in Newell, W. Va., last Nov. 7, under mysterious circumstances.

She previously admitted, according to police, that she gave poison to the itinerant preacher nine days after she became his bride.

In the statement last night the alleged poisoner denied foul play had caused the deaths of four other spouses. Two of her alleged husbands are still living.

Ebert, who according to her story, was her first victim, died two days after he was discharged as cured of mumps by Dr. C. R. Campbell of Chester, W. Va. The physician told police that the man's death was unexpected, for he was convalescent when he last saw him alive.

Husband Was Mean, She Says
"I gave Ebert a capsule because he treated me mean," police say she told them. Amplifying a previous statement on the alleged arsenic poisoning the preacher, she said she had told him the poison was soda in her first story, she said she gave the pastor the drug because he "asked for it while ill." She admitted today, police say, that Christy did not request it.

Increasing her list of husbands to eight, Mrs. Christy said she was married to Charles Graham, East Liverpool pottery worker.

In addition she says, Jacob Barnhart was her legal husband. She was unable to furnish dates of the weddings.

Her alleged husbands in the order in which she said she was married to them were: Jesse Sears, East Liverpool; Charles O'Neill, Cincinnati; Jacob Barnhart, George Holt and Charles Graham all of East Liverpool; Frederick Harmon, Athens, N. Y.; John Ebert, Newell, W. Va., and Rev. William Christy, East Liverpool. All are dead except Graham and Harmon, police say.

Prosecuting Attorney Robert M. Brooks is considering appointment of a lunacy commission to examine the woman.

SEEK AGREEMENT ON COURT ACTION

Peaceful Methods Used to
Bring the World Court
Issue to Vote.

Washington, Jan. 19.—The administration Democratic coalition of world court advocates today substituted peaceful negotiations for the "big stick" in their efforts to secure an early vote upon American adherence to the tribunal.

Apparently unable to muster a two-thirds majority of the senate to favor adoption of closure on world court debate, the court forces sought to effect an agreement with the thin majority of "irreconcilables" for a final date on which to vote. Negotiations centered around a suggestion by Senator Borah, R. of Idaho, ir-reconcilable leader, to begin voting on February 10.

This date was acceptable to the Democratic court leaders. It was said, but Republican pre-occupations were reported a bit backward because they feared such an agreement might block action on the \$365,000,000 tax reduction bill, which reached the senate today. Borah was conferring with other members of his irreconcilable camp in an effort to obtain their consent to the proposed agreement.

If the agreement should be reached, the tax bill would be called up for debate later this week and alternated with the court. If the negotiations fail, a new effort undoubtedly will be made to whip two-thirds of the senate into line for the enforcement of closure against the court debate.

Explosion of Gas Tank Shakes City

Everett, Mass., Jan. 19.—Explosion of a tank containing 15,000 gallons of crude gasoline shook this city today. Fire in an adjoining tank preceded the explosion. In a few minutes four great gasoline tanks were in flames.

TIME OF FILING INCOME RETURNS TO BE EXTENDED

Washington, Jan. 19.—Time of filing federal income tax returns probably will be extended until the new revenue act is passed by congress, it was announced by the bureau of internal revenue today.

Officials declared, however, that the bill is virtually certain of passage before March 15, when the tax returns are due.

"Heretofore taxpayers have been urged to file their income tax returns early," said a statement issued by Commissioner of Internal Revenue D. H. Blair.

"The filing of returns this year is delayed, pending enactment of the new revenue act, which contains changes in rates and other features."

"However, there is nothing to prevent a taxpayer from closing his books and computing his net income. Such computations will not be affected by any provision of the new act."

NEW AIR SERVICE ROW BREAKS OUT ON ASSIGNMENTS

Airmen Object to Refusal of
Davis to Accept All in
Morrow Report.

Washington, Jan. 19.—A new army air bill, providing changes in the composition and administration of the air service designed to partially meet the criticisms voiced by Col. Wm. Mitchell and his friends, was submitted to congress today by Secretary of War Davis.

The bill in general follows closely the recommendations of the Morrow aircraft board, and while falling far short of what the Mitchell school has demanded, nevertheless is calculated to allay some of the unrest among flying officers.

Washington, Jan. 19.—A new row was brewing in the army air service today over the reported decision of the war department not to assign air officers to the general staff, as recommended by the Morrow board.

The air men were pointing to the fact as another addition to their long list of grievances against the general staff, and as supporting the contention of Col. Wm. Mitchell that the air service will not get "a square deal" so long as it is kept in a dependent state.

When the president approved the Morrow board report, containing the (Continued on fourth page)

apartment.

Plash is recovering in Central Clinic hospital where he was taken following the shooting. The police have evidence that tends to show Plash fired the shot, and reports that Mrs. Plash was implicated are said to be without foundation.

"There is nothing new in the situation," Chief Thompson said today.

Jurors Disagree In Delinquency Trial

A jury in the case of Mrs. Althea Miller of Salem, who was charged in juvenile court with contributing to the delinquency of a minor, Gertrude L. Luman, failed to agree after four hours deliberation Monday afternoon and was discharged by Judge Lofke Riddle.

Five ballots were taken. The first ballot stood six to six, and the remaining four ballots stood 10 to 2 for conviction.

Seventeen Stowaways

New York, Jan. 19.—Seventeen stowaways were found aboard the small steamer, Miraflores which arrived from the West Indies. Twelve of them were Chinese.

New Religion Called Eurekaism To Be Started At New Orleans

London, Jan. 19.—The proposed establishment of a new religion to be called Eurekaism and which will have its headquarters in New Orleans, was reported in dispatches from Dublin today.

The religion was said to be based on the belief that the Dieties and saints of the older order were too remote from modern life to be able to penetrate its spiritual realities.

Norwegian Authoress, Now in U. S., May Startle Us With First Effort

Inga Svanholm, famous Norwegian authoress, has arrived in Laguna Beach, Calif., and is at work on her first American-produced book. Literary critics say her first effort may startle American readers. In addition to her fame as a writer she has drawn much fame as a beauty.

KAWANIS BIRTHDAY TO BE CELEBRATED

Dinner-Dance Planned for
Wednesday Night by
Local Members.

The 11th anniversary of the founding of Kiwanis International will be celebrated by the Salem Kiwanis club at dinner-dance at the Elks Home Wednesday evening.

This is the outstanding event on a full Kiwanis year, and several committees have completed all arrangements for the affair at which the ladies of Kiwanis will be guests.

At the dinner program Atty. H. L. McCarthy will act as toastmaster, and he will also make a short address. Howard McCalmont will speak, and an entertainer from Youngstown will be on the program. Finley's Melody band has been engaged to play during the dinner as well as for the dance. There will be other features of interest to all the committee desires.

Chartered in the fall of 1921, the Salem club now has about 60 members, with about half a dozen of the original charter members on the list. Since its inception the local club has been an active factor in the constructive work of the community.

Past President Warren W. Brown reviews last year's accomplishments as follows:

February—The club put on "Love Pirates of Hawaii," which netted the club \$600.

March—Entered the attendance contest.

April—Entertained mayor and other city officials at a meeting at which a state officer spoke on the local water situation. Alliance Kiwanians and their ladies entertained here at a dinner dance.

May—Salem club wins state wide Kiwanis attendance contest. Club members guests of East Palestine and Wellsville clubs. Started work on pavilion at Centennial park.

June—Received Marietta trophy for winning attendance contest.

September—Dedication of pavilion at park and presentation to the city.

October—Entertained at Alliance. Guests of Salem Rotary club. Meet (Continued on fifth page)

DEFENSE SOCIETY OPPOSES HASKELL FOR WAR POSITION

Albany, N. Y., Jan. 19.—Appointment by Governor Smith of Col. William N. Haskell, as commander of the state national guard today brought strong protest from the American Defense Society, Inc., of New York City.

In letters to Lieut. Gov. Lowman and Senator Knight, Republican leader of the upper house, the Defense Society asked that the senate finance committee investigate Colonel Haskell's "alleged sympathy for the Russian government."

Colonel Haskell, for several years, was head of the American Relief Commission in Russia.

OHIO UNIVERSITY PROBE RESUMED

Claims Red Influences Are
Disseminated at Two
Other Schools.

Columbus, Jan. 19.—Informed by Dr. Charles C. Maris, editor of "The Week," a Republican paper published in Columbus that Miami and Ohio universities as well as Ohio State were nurturing the seeds of communism "sown by soviet Russia," the special committee investigating alleged seditious practices at Ohio State prepared today to continue interrogation of witnesses.

Dr. Maris told the committee he wrote the resolution which called for an investigation of so-called radical tendencies at Ohio State and which was unsuccessfully presented to the last regular session of the Ohio legislature by Senator James R. Hopley, of Bucyrus.

While he had no additional specific information, Dr. Maris reiterated his charge that twelve Ohio State university professors and former professors held allegiance with the "Russian soviet scheme for internationalizing the world."

Formed Committee of 48
The twelve professors, the aged crusader declared, were charter members of the local organization of the "committee of 48" which, he said, later consolidated in the development and organization of the league of progressive political action and nominated the late Senator Robert L. LaFollette of Wisconsin for president.

The following professors were named by Dr. Maris as members of the campus organization of the "committee of 48":

Francis W. Coker, Homer C. Hack, J. A. Leighton, O. A. Norman, Milton Percival, Carl Wittke, George F. Arps, Albert R. Chandler, E. S. Ingraham, Albert P. Weiss, C. C. North and E. A. Collier.

Information that "red" influences were being disseminated at Miami and Ohio universities came from the report of the lusk committee made to the New York legislature following a long investigation, Dr. Maris said.

"Russian communistic influence is rampant in America today," Dr. Maris charged. "It has started the youth movement" which comprises worship of the human body and which has resulted in floating of parental or any conventional authority, indecent exposure of bare limbs, roadside petting (Continued on fourth page)

MURPHY CO. WILL BUILD ADDITION

Floor Space of Store Will Be
Doubled; Build Back to
Sugartree Alley.

Plans for the erection of a large addition to the Murphy store, Main and North Lundy sts., which will practically double the floor space of the store, were announced by Manager H. E. Weaver of the store today, following receipt of information from the Murphy Co., headquarters.

Work will be started as soon as weather permits. The new addition may go north to the end of the company's land at Sugartree alley. Builders intervening will be torn out or remodelled, and present first floor tenants in these buildings will probably take second or third floor rooms in the new building.

With the completion of the addition to the north end of the store, the price range of merchandise will be increased to \$1. Manager Weaver said.

PALESTINE CUTS OFFICIALS' PAY

The chief of police of East Palestine had his wages reduced from \$160 a month to \$150 a month at a meeting of the new council of that town Monday evening.

The chief clerk of the safety department was also "graded" to a reduction and in the future his salary will be \$1,500 a year instead of \$2,400. The chief clerk's assistant was given a raise in salary from \$720 a year to \$960.

Boy Breaks Through Ice, Saved by Collie

Danbury, Conn., Jan. 19.—A 12-year-old boy who broke through the thin ice of a pond near here was saved from drowning by a collie dog who seized his mistress's skirt in his teeth and dragged her to the shore.

Miss Katherine Dyer, with the aid of the two men saved the boy.

Widow's Skull Was Crushed and Crude Gag Filled

POLICE STUNNED, RESUME SEARCH

Maniacal Slayer's Crime
Cunningly Planned,
Say Officials.

Toledo, Jan. 19.—Toledo's mysterious clubber resumed work early today, killing Mrs. Mary Handley, 49, of 329 Woodland ave.

Mrs. Handley is the ninth victim of the clubber and the third woman to die from his attacks.

Mrs. Handley's body was found this morning by her neighbor, Mrs. Matie Small, when she opened her back door to send her daughter to school.

Police believe that the woman was clubbed on the street in front of her home and the body then dragged between the two houses. Mrs. Handley had been struck over the head several times with killing force. Her skull was crushed.

A crude gag, made from her torn clothing, filled her mouth, and the clubber then covered her head with her cloak.

Victim Was Widow
Mrs. Handley, a widow, lived with her mother, 87, and five brothers.

Her mother, who is ill, has not been informed of her death.

Stunned by the recrudescence of the clubber's work after an interval of several weeks, police, county authorities and civic organizations were planning new methods of running down the killer, who has spread terror among the women of the city, and has kept many of them indoors in the evenings.

It was admitted at police headquarters, however, that so cunningly had the maniacal slayer planned his crimes that chance was the main reliance of officials in finding their man.

Persons in the neighborhood of the latest killing were being questioned by police today in an effort to learn if any of them heard an outcry during the night. Thus far not the slightest clue has been developed, however.

SALEM MAN SUES MARSHAL CONNOR

Wolf Claims Conspiracy in
Arrest for Burning of
Auto; Acquitted.

Youngstown, Jan. 19.—As J. Wicks, representing the attorney general of Ohio, will be in Youngstown this week to represent the state in the damage suit brought by John W. Wolf, Jr., of Salem, against the National Fire Insurance Co. and J. D. Connor, assistant state fire marshal.

As Youngstown state's representative, is a defendant in the suit, Wicks was appointed to handle the case for the state.

Wolf alleges that he was tried for arson in connection with the burning of his machine and was acquitted.

He filed a damage suit for \$102,350 against the defendants, charging that they conspired in his arrest and alleged false imprisonment through which he suffered loss of employment.

Atty. F. R. Hahn is counsel for Wolf.

CITY OFFICIALS TO MEET WITH SOLONS

Tonight is "city officials night" at city council.

By request of the solons, all city officials, including division heads are urged to be at the meeting in order that council may learn of the work in the various departments and also receive suggestions for improvements in the departments.

One of the major matters on tonight's business calendar is the second reading of the appropriation ordinance. Proponents of the bill assert they will have the necessary votes to approve in emeasure tonight.

Councilman Max Adler, who killed the measure last week, has not given any indication as to whether he will approve the bill tonight.

MASONIC CLUB TO GIVE COMEDY HERE

"Are You A Mason?" is the title of a comedy-drama which will be presented at the High school auditorium February 9 and 10 under the auspices of the Salem Masonic club.

This show, with an Alliance cast, was given in that city two nights last week under the auspices of the Alliance Masons, and is reported as being exceptionally good. It is under the direction of Mrs. Ida Leeper Schemp, who is associated with Mount Union college.

Lorain Councilmen Order Jazz Banned For Old Time Dances

Lorain, Jan. 19.—Lorain's city solicitor today was drawing legislation barring all forms of the modern dance and making the old fashioned steps favored by Henry Ford, the only form of dancing permitted in the city.

The dance restricted ordinance was offered down by city council last night. The movement was given the approval of every councilman and Mayor William P. Grail. If the city fathers stick to their guns, the measure will become a law at the next meeting.

Councilman John Glavin, father of the move, calls the modern dance "vile and suggestive."

"The dances which Henry Ford has revived," Glavin said, "are the only steps fit for our young people to dance. These modern indecent dances are ruining the younger generation."

"The movements indulged in nowadays are not fit to be called dances. They are improper and must be stopped. If people want to act that way let them go outside the city."

UPLIFTERS

Renewed attempts at the one-day

session of the Ohio legislature last

week to have the bill requiring com-

pulsory Bible reading in the schools

enacted into law, indicate that there

are still some people who think that

we can be legislated into per-

specimens of humanity and that leg-

islation is the only cure for all our

mistakes, moral and otherwise. As

one United States senator recently

said, we have become a land of hy-

dra-headed laws, of government by

organized minorities; a haven for

professional peddlers of mortality

who supply the peddlers of mortality

the mill of senseless legislation ever

grinding that they may make a liv-

ing. Our fifty-first congress intro-

duced more bills in the first hour of

its existence than are passed by the

parliaments of all the other coun-

tries of the civilized world in a

year.

In the fifty-ninth congress 15,000

bills were introduced in less than 60

days, and during the entire session

30,000 bills went into the hopper. On

one day of this congress 623 bills

were passed in one hour and thirty-

five minutes.

Between 1899 and 1905 the En-

glish parliament passed only 46 pub-

lic and 246 special laws. That would

be about an hour's work for our con-

gress. The cause is plain. We are

infested by mushroom organizations,

dogging the steps of legislators, eter-

nally in quest of some new moral

issue that will appeal to the people

and bring in the money that supports

them.

The effect of this is an annual

army of laws that stay liberty and

run the cost of government up into

countless millions. From 1916 to

1922 the cost of running the govern-

ment, not counting war costs, has

increased 500 per cent. The differ-

ence is exactly shown in the cost of

extravagant and unnecessary com-

missions and their innumerable

armies of agents and inspectors.

The greatest issue before our peo-

ple is to resist this ruthless process

of federal encroachment upon the

basic principles and inalienable

rights of the private citizens guaran-

teed him by the constitution.

A SOULFUL CORPORATION

Who says that corporations have

no souls? It is an unconscionable

libel. Here comes the Pennsylvania

railroad, one of the largest of this

country's many great corporations,

to disprove this theory. The Pennay

has a heart. Let any cynic who

doubts this consider the recent order

of the dining department, requiring

that hereafter all pies served on the

Pennay's trains shall be at least one

inch thick. "And all chiefs," the an-

nouncement continues, "will be di-

rected to adhere strictly to the rule"

the rule aiming to prevent the up-

per and lower crusts from adhering

to each other.

This is an excellent move. There

are some western roads which spe-

cialize in mammoth baked potatoes

and there are others with other fads,

but pie hits all of us—here in the

middle west at least—just where we

live.

SAVED LIFE SAYS MRS. AUTRY

Wouldn't Take Anything On Earth
For Dr. Thacher's Liver and
Blood Syrup

One of the strongest statements ever given in favor of a medicine is that voluntarily made by Mrs. C. P. Autry, a prominent resident of East Ohio, in telling of the benefits she has received through the use of Dr. Thacher's Liver and Blood Syrup, the prescription that is accompanying such remarkable results every-where.

Mrs. Autry is proprietor of a mercantile business at East and her residence in the community is too well known for further comment. In a letter addressed recently to the Thacher Laboratories, Mrs. Autry said:

"I am confident that Dr. Thacher's Liver and Blood Syrup saved my life. I was terribly run down and in such a miserable condition that I had almost given up all hope of ever getting on my feet again. But after taking Dr. Thacher's Liver and Blood Syrup, I have fully recovered my health and I wouldn't take anything on earth for the good this wonderful remedy has done me."

"I am so delighted with it that I enthusiastically recommend it to all my friends, and many of them have taken it on my advice and have been greatly benefited by it."

All druggists are instructed to return the purchase price of the first bottle if Dr. Thacher's Liver and Blood Syrup fails to bring relief."

This celebrated prescription is being featured in Salem by The J. H. Flossie Drug Co., Flossie's drug store, Salem, Ohio.

COORDINATOR OF ENFORCEMENT TO HELP DRY CHIEF

Washington, Jan. 19.—With the designation of M. O. Dunning, collector of customs at Savannah, Ga., as co-ordinator of dry enforcement in the southeast, General L. C. Andrews, prohibition czar, today began the test of a system which if successful will be adopted throughout the United States.

Andrews plans to name a dozen or more coordinators, from the ranks of the customs service, coast guard or prohibition unit, in strategic centers.

These officials, who will function as coordinators in addition to their other duties, will be charged with directing law enforcement activities of the three arms of the treasury department—coast guard, customs and prohibition—which are being thrown into the war against the rum trust.

Prohibition Commissioner Roy A. Haynes has been designated as chief prohibition coordinator. Gen. Andrews discovered, on a recent southern inspection trip, that

prohibition enforcement has fallen down in Florida. Owing to the business boom and the migration of northerners to the winter playgrounds of Miami, Palm Beach, and other Florida resorts the state presents a serious problem to the government.

BRITAIN'S WINE CIRCULAR POKES FUN AT AMERICA

London, Jan. 19.—The United States must not be admitted to the League of Nations until it can "stand up to its liquor with decency and self-control," declared "Lidley's wine" and spirit circular.

"Lidley's," which is the oldest organ of the wine and spirit trade, has delivered itself of a particularly bitter attack upon American prohibition, and has aroused some fears, as to what may be the result.

"The Observer," which is largely controlled by Lady Astor, declares that this "extraordinary attack" has "its humorous side" but expresses grave fears that it may cause international unpleasantness.

"The Observer" declares that "the wine and spirit trade has been aggressive of late," and adds that "the British ambassador at Washington will not welcome the wide-spread circulation through the American press of this scurrilous attack." Furthermore, "The Observer" declares that "America's action in seeking to deliver herself from her servitude to alcohol and the alcohol interests, rebounds greatly to her credit."

SOVIET DIVORCE LAWS DON'T WORK VERY SMOOTHLY

Moscow, Jan. 19.—Soviet marriage laws are not working out as smoothly in practice as they professed to in theory.

Free divorces, given for the asking, were expected to decrease litigation over domestic affairs, but statistics just published show that in 1925 the number of suits for alimony in the Moscow courts reached nearly 10,000 or nearly double the number in 1924.

Ninety-nine per cent of the cases concerned appeals by mothers for enforced contributions by their ex-husbands to the support of their children. The law provides no alimony for ex-wives unless they are able to work, but obligates the father.

CLEAN SLATE FOR UNIVERSITY IN DRINKING PROBE

Columbus, Jan. 19.—Investigation of "drinking parties" at Ohio State university came to an end late Monday when Chief French and other members of the Columbus police department gave the university a "clean slate" in testifying before the second public hearing conducted by university officials and the State Prohibition Department.

Probe of "Communistism" among students and instructors was promptly begun and Senator James R. Hopley of Bucyrus, who introduced a resolution in the last legislature calling for an investigation of the institution, was placed on the witness stand.

New health in Tanlac

"Indigestion, gas, torpid liver and constipation brought me to the verge of a complete breakdown. But Tanlac soon put me on my feet again. I am now enjoying the best of health." Mrs. Daisy Posey, 1745 Central Ave., Cincinnati, Ohio.

This statement merely backs up what over one hundred thousand grateful users have said about Tanlac. Our files are packed with such testimony.

If your system is run down, if you can't seem to eat or sleep, have lost weight or suffer from trying pain, why not let Tanlac start you back to vigorous strength and health?

SOCIETY

Book Club

A playlet "Evening Dress Ineffable," which was exceptionally fine, and a discussion of "The Advantages and Disadvantages of Being Married" were features of an evening chucked full of fun, enjoyed by members of the Book Club at a supper meeting Monday evening at the Memorial building.

From the serious discussions of the home, children, citizenship, etc., which have claimed attention at the meetings this season, the members turned to a "Humorous" program for this occasion and it proved to be one of the most delightful occasions the club has had.

"Wit and wisdom belong to genius alone" was the quotation used and in response to roll call "brief bits of newspaper wit and wisdom" were read.

The musical part of the program which was so much enjoyed was composed of piano selections by Miss Florence Schorrenberg and Mrs. T. H. Lee and vocal duet by Mrs. L. W. King and Mrs. Miriam Bumbaugh.

In the playlet, Mrs. W. U. Miller played the role of the widow, "Mrs. Wayberry" and the part of her daughter, "Shella" was taken by Mrs. Morris Ellsworth. Mrs. George Votaw played the part of "George" and Mrs. E. S. Vincent, as "Geoffrey Chandler" was "Shella's" suitor. Mrs. Claude Harris was "Nellie" the maid. These women played their parts splendidly.

Readings by Mrs. Frank Griffin were appreciated. Mrs. W. H. Matthews, Mrs. Holmes Almon, Dr. T. Estelle Wright and Miss Caroline Hole led the discussion on "The Advantages and Disadvantages of Being Married."

The advantages of married life were pointed out by Mrs. Matthews and Mrs. Almon, while its disadvantages were "shown" by Dr. Wright and Miss Hole. Miss Hole had her part written in rhyme and it was very clever.

Rev. H. L. Miller will speak on "The International Consciousness" at a meeting on Feb. 1. Each member will be privileged to bring guests.

A Birthday Surprise

Mrs. Thomas Tilley of West Pershing ave. was delightfully surprised Monday evening by an unexpected visit from a few of her friends who came to celebrate her birthday anniversary. The party was given by her daughter-in-law, Mrs. John Tilley. Games and music entertained the guests and in the former the prizes were won by Mrs. N. J. Buchmann and Mrs. Thomas Tilley. Refreshments were given by Miss Shirley Crawford and Master Wayne Whiteleather. Refreshments were served by the hostess and there was a pink and white birthday cake for the honoree. Mrs. Tilley received some gifts.

Party for Mr. and Mrs. Crooks

The agents of the Prudential Life Insurance company and their wives went to Columbiana Saturday evening and surprised Mr. and Mrs. Crooks, who moved there recently from this city. This housewarming also helped to celebrate the honorees' second wedding anniversary. The guests presented them with a gift. Various games and music were forms of enjoyable diversion. The eaters took edibles with them which provided a delicious lunch to conclude the evening's pleasure.

Three Links Social Club

One of the most enjoyable social meetings that the Three Links club has had this season was the one held Monday evening in the I. O. O. F. hall, Broadway. A covered dish supper was served to about 50 guests. Card games entertained and dancing was a diversion.

On Jan. 25 the club will observe guest night. Dancing will be the diversion with music furnished by Finley's Melody band.

Celebrate Anniversary

Mr. and Mrs. J. A. Mounts celebrated their 25th wedding anniversary Saturday evening in the home of their son and wife, Dr. and Mrs. R. C. Mounts of Youngstown. Covers were laid for 16. A delicious dinner was served after which music and cards were diversions. Among the guests were Mr. and Mrs. J. McClary of New Wilmington and Miss Winifred Arnold of this city.

parties and generally riotous conduct."

However, the only "youth movement" at Ohio State university that Dr. Maris could recall was any that may have inferred in a newspaper interview with Miss Elizabeth Conrad, former dean of women in which she said present unusual conduct on the part of young men and women was only a passing custom and would cease when "the pendulum swings back to normality."

Began Back in 1899

"Communist activities at Ohio State began back in 1899 when the Socialists were allowed to use the chapel to start an organization," Dr. Maris continued. "Their widespread influence in this country is made possible through publication of foreign language newspapers, everyone of which is subsidized by the Reds. The Liberator, the magazine in which Dabney Horton, the student instructor fired and dismissed from the Ohio State university staff for making rum, is said to have contributed and over which the whole press of Moscow and had been merged by the Labor Herald, the headquarters organ of the bolsheviks," Dr. Maris declared.

Dr. Maris told the committee he wrote the Hopley resolution for the legislature last winter and that he had approached 22 members of the senate before Senator Hopley agreed to introduce it. All of them agreed to vote for it, he said, although declining to introduce or sponsor it.

At Kimmel Home

Mr. and Mrs. Charles Kimmel entertained a few friends Monday evening at their home on South Lundy st. The hours were devoted to playing "500." After the card game a lunch was served by the hostess.

Monday Afternoon Club

Associates of the Monday Afternoon club were guests of Mrs. W. P. Carpenter Monday afternoon at her home, Lincoln ave. The usual club diversions interested the guests.

Miss Lucille Feezel of near Columbiana has accepted a position in the office of the Salem Hardware. She succeeds Miss Nellie Gibbs of Lisbon who has accepted a position with the Lisbon Salesbook Co.

All were students at Tiffin business college.

Ex-Service Men Are Invited to Ceremony

Members of Tresscott post No. 10, G. A. R., Sons of Veterans, the Woman's Relief Corps, Daughters of Veterans, Spanish War Veterans and all ex-service men are invited to a public installation of officers of Allen K. Reynolds post No. 592, Veterans of Foreign Wars, and Gold Star auxiliary, at 7:30 p. m. Wednesday at the rooms, Main st. The installation ceremonies will be in charge of Charles R. Logan, of East Liverpool, department quartermaster.

The program will be given: The presentation of colors; music by the Vets Glee club band; installation; music by the band, talk, Francis J. Cook, Cleveland, state department; talk, Mrs. Nettie McDonald, East Liverpool, state president of the auxiliary; talk, W. W. Sexton of Lisbon, chairman of the Veterans' Health camp, short talks by the presidents of visiting organizations; talk, Mayor George Russell; talk, O. Kelley.

Lunch will be served by the Gold Star auxiliary. All members of the Allen Reynolds post are requested to come in uniform.

Young Baroness to Become Barrister

London, Jan. 19.—Baroness Clifton holder of an ancient peerage in her own right as the daughter of the seventh Earl of Darnley, will be admitted as a member of the English bar next week.

Baroness Clifton, who is 25 years old, will be the first peeress to be admitted to the bar in English history and will be one of the few women barristers in England.

School Bus Struck By Car, Pupils Hurt

Elizabeth, N. J., Jan. 19.—Four persons including two children, were seriously injured, and 20 others suffered cuts and bruises early today when a public service bus was struck by a trolley car. A heavy fog prevailed at the time.

The injured children were Dolores Lavin, daughter of Pol-eman Bernard Lavin, and Harriet F. Smith. All the injured were in the bus.

Few Marriages Happy Declare Professor

Chicago, Jan. 19.—Only 10 per cent of marriages are happy, Prof. David Seabury of New York, told his audience in a lecture here, "because it is out of 100 to believe in happy marriage and love."

The words "love" is increasing however, and 100 years from now we may be as great as 50 or 90 per cent, he said.

FOUR BREWERS SAY GUILTY TO CHARGES

Admit Conspiracy to Make Beer; Sentence Deferred Until Sheriff's Trial.

Cincinnati, Jan. 19.—Four officials and employees of the Mohawk Brewing Co., who were indicted last week for conspiracy to manufacture and sell beer, together with Sheriff Richard B. Witt, pleaded guilty in federal court yesterday but U. S. District Judge Smith Hickenlooper, deferred sentence until after the trial of Sheriff Witt, which is set for January 29. Sheriff Witt pleaded not guilty of withdrawing the plea and filing a demurrer to the indictment.

Those pleading guilty were George H. Asterfeld, president and treasurer of the company Joseph Osterfeld, vice president; Willard Birnbrier, foreman, and Michael Donald, cellerman. Paul MacDuff, truck driver, also indicted, pleaded not guilty and was held on \$5,000 bond. Harry "Butch" Workman, also indicted, failed to appear and Judge Hickenlooper ordered former Councilman Phil Harig, bondman, to find Workman who is at liberty under \$15,000 bond, at once.

Variety of News In Brief Form

New York, Jan. 19.—Julius Klask, alias Klask, was mortally wounded by two unknown assailants. In Klask's pocket was found a pistol loaded with dum-dum bullets.

Merrick, N. Y., Jan. 19.—Thieves who stole six pairs of trousers and some silver from the home of Mrs. H. H. Cammann, daughter of Mrs. Elinor Van Rensselaer Fairfax, overlooked \$10,000 in gems that lay upon a dressing table.

Boston, Jan. 19.—The Charleston was originated by negroes of the south, years ago but nowadays they are too respectable to dance it according to Gov. Thomas G. McLeod of South Carolina, who arrived here to attend a banquet.

Racine, Wis., Jan. 19.—James Hogan, farm hand, asked for a job with the Chicago, Milwaukee & North Shore Electric line and didn't get it. He took a rifle and fired at passing trains near here. M. J. Shifris of Chicago was struck in the back of the head by a bullet and Mrs. William Edwards of Racine was grazed on the forehead. Hogan has confessed, Sheriff Martin Herzog said.

Rock Island, Ill., Jan. 19.—John Engesser resembles a prohibition agent who has been making things hot for scofflaws here. Two men beat him so badly his condition is serious. Two men under arrest have sent Engesser their apologies.

LOST CHILD WAS JUST BORROWED BY OWN MOTHER

New York, Jan. 19.—New York and Bergenfield (N. J.) police were testing today from three days of strenuous effort to solve the mystery of the disappearance of a two-year-old girl from the side of Mrs. Lillian Blauvelt, who said she was the child's mother.

The mystery was solved with the appearance in a New York police station of Mrs. Gertrude Murphy, 24, of Brooklyn, holding the child in her arms. Mrs. Murphy said the child was her own, Mrs. Blauvelt had adopted it in an effort to retain the affections of her husband, Mrs. Murphy said.

No formal adoption papers had been drawn up however, and when Mrs. Murphy, as she told the police, became lonely for her child, she went to Mrs. Blauvelt and demanded the girl. Mrs. Blauvelt said her husband would be furious and decided to make him believe the child was lost. Mrs. Blauvelt's own child had died in Allentown, Pa., but she had never informed her husband for fear of losing his love.

The two couples were to be arraigned in magistrate's court here today on a charge of "endangering the health and impairing morals of a minor." All four were held in \$1,000 bail.

NEW AIR SERVICE

Continued from First page
recommendation that all officers be placed on the general staff without regard to whether they were graduates of the war college, the department unofficially indicated that the suggestion would be accepted and effected through departmental administration.

It appeared today, however, that this appointment of air officers, technically ineligible, is not to be made. Secretary of War Davis let it be known that the Morrow board recommendation will be met by assigning air officers "with" the general staff. To meet the immediate demand for a step to the flyers' discontent, however, five airmen will be named to serve in the capacity of "advisers" to the staff. Such posts, admittedly, do not carry the authority or weight of a staff job.

Declares Bell Lead Treatment Greatest Move Against Cancer

New York, Jan. 19.—Prof. Francis Carter Wood, director of the Institute of Cancer Research of Columbia university, let it be known today that he is convinced the Bell lead treatment is the most important advance against cancer since the adoption of radium and X-ray.

However, elated Prof. Wood is over the new treatment now in use in Liverpool, he admits it is still far from being a certain remedy for the disease.

Prof. William Blair Bell of Liverpool university developed the lead treatment, which consists of the introduction into the veins of metallic lead in a very fine state of division. Preparation of the compound is a delicate process and the slightest error may result in a fatal poison, despite this danger the treatment is used, with the patient's approval, when there is a greater risk that he will die of cancer without the treatment.

SUGGESTS BOARD TO END MONOPOLY

Trenton, N. J., Jan. 19.—Cooperation by New York, New Jersey and Pennsylvania in the creation of a tri-state commission "to destroy the anthracite coal monopoly" and provide a never failing supply of coal at a price "not in excess of ten dollars a ton," was suggested by Gov. A. Harry Moore today in his inaugural address to the 150th session of the New Jersey legislature. He also urged modification of the Volstead act. He succeeds George S. Silzer, also a Democrat.

Foreign News

Melton Mowbray—The Prince of Wales is having difficulty in hunting without an audience. Announcement that he intends to go out with the hunt means that hundreds of people gather to watch him ride. The prince has now taken to a ruse to avoid this unwelcome attention. It is announced that he will follow one pack of hounds, while the prince slips away to join another.

Brussels—Queen Elizabeth has purchased a number of new incubators and plans to extend her activities as a poultry farmer. The queen has had great success in raising prize-winning poultry, using a few drops of tepid wine as part of the daily diet of her chicks.

Sidmouth, Eng.—This Devonshire town is threatened with destruction by the sea on one hand and bankruptcy on the other. Erosions have become so great that it is necessary to build a seawall. The expenses of the sea wall would mean a tax of \$90 a head for every man, woman and child. An appeal is being made to the national government.

Paris—Taxi drivers here have held a mass meeting to air their grievances. They demand the abolition of asphalt pavements, higher rates of fares, the abolition of police traps, and cessation of suspension of licenses while accidents are being investigated. They threaten "traffic blocks" if their demands are not met. The police have announced that taxis attempting "traffic blocks" will be confiscated.

The delivery of letters on December 27, this year, will be the first Sunday delivery of letters that has ever taken place in London.

Sour Stomach

"Phillips Milk of Magnesia"

Better than Soda

Instead of soda hereafter take a little "Phillips Milk of Magnesia" in water any time for indigestion, or sour, acid, gassy stomach, and relief will come instantly.

For fifty years genuine "Phillips Milk of Magnesia" has been prescribed by physicians because it overcomes three times as much acid in the stomach as a saturated solution of bicarbonate of soda, leaving the stomach sweet and free from all gases. It neutralizes acid fermentations in the bowels and gently urges the souring waste from the system without purging. Besides, it is more pleasant to take than soda. Insist upon "Phillips." Twenty-five cent bottles, any drugstore. Adv

LEGAL NOTICE

Sealed proposals will be received at the office of the Board of Education of the Salem City School District, Salem, Ohio, until 12 o'clock, noon, on Friday, February 11, 1926, for the purchase and bonds of said Board of Education in the aggregate sum of Thirty-five Thousand Four Hundred (\$35,400) Dollars, dated September 1, 1925. Said bonds will be twenty-one (21) in number, and numbered from one to twenty-one, both inclusive. Each of said bonds shall be in the denomination of Five Hundred (\$500.00) Dollars, except bond number one which shall be in the denomination of Four Hundred (\$400.00) Dollars, and will draw interest at the rate of five (5%) per centum per annum, payable semi-annually on the first days of September and March of each year said bonds are to run, upon presentation and surrender of the interest coupons to be attached to said bonds. Said bonds will be due and payable as follows: Bonds numbers one, two, three four and five in the aggregate amount of twenty-four hundred (\$2,400.00) Dollars, on the first day of September, 1926, and six of said bonds in their numerical order aggregating in amount, three thousand (\$3,000.00) Dollars on the same day of each year thereafter to and including 1937. Said bonds are issued for the purpose of erecting a non-fireproof addition to the Prospect School Building and purchasing equipment for same, also making repairs to the Columbus Street School Building and the McKinley Avenue School Building, and under authority of the laws of Ohio and section 7629 of the General Code of Ohio, and in accordance with a certain Resolution of said Board of Education passed on the first day of June, 1925.

Said bonds will be sold to the highest and best bidder for not less than par and accrued interest.

All bids must state the number of bonds bid and the gross amount of bid and accrued interest to date of delivery.

All bids must be accompanied with a certified check, payable to Albert H. Hayes, Clerk, for 2 per centum of the amount of bonds bid for, upon condition that if the bid is accepted the bidder will receive and pay for such bond as may be issued as above set forth, within ten days from the time of award, said check to be retained by said board if said condition is not fulfilled.

Said Board reserves the right to reject any and all bids.

Bids should be sealed and endorsed "Bids for \$35,400.00 of Improvement Bonds."

YOU've often wondered how spirit mediums work—whether they were real or fraud. Now comes the first big picture that solves that doubt and reveals, in a stirring drama, how fake mystics pull the wool over the eyes of their victims. You'll never forget the romance of a girl of the shadows lifted into the sunlight by a mighty love.

MOST VALUABLE PARCEL OF LAND IN WORLD SOLD

New York, Jan. 19.—What is described as "the most valuable parcel of land in the world" has been sold by its owner, Frederick Brown, real estate operator, to a syndicate of western bankers, it was reported today.

The land, which is a small plot at the corner of Wall street and Broadway and upon which stands a narrow skyscraper, 18 stories, known as "The Chimney," was acquired by a St. Louis group back in 1905 which paid \$76 a square foot, still a record price.

The price paid by the new owners could not be learned, nor the price Brown paid for it. Brown obtained possession of the property a little more than a month ago.

Salem, Leading League, Will Play Columbiana And Struthers Teams

Salem High eagles meet Columbiana and Struthers in important games on the local floor this week end. Columbiana will be here Friday night and Struthers the following night.

To Salem the Friday games are by far the most important since they concern the county standing. Both teams are in first place in the county race, the Boys by themselves and the Girls in a triple tie with Lisbon and East Palestine, while neither Columbiana team has won a single county contest so far.

It is not because of poor showing that Columbiana has fared so badly. Some hard luck and close games brought the defeats, and Salem has every reason to believe the Red and White will come here Friday with strong outfits.

Columbiana is not as strong as last year, but has fair teams. The Columbiana Boys lost several of the great five of last season in June and the Girls lost a few veterans, but fewer than the Boys.

Struthers Boys, here Saturday, were defeated by Columbiana this year while the Struthers Girls, runners up in the national tourney last season, managed to defeat the Columbiana Girls by a fair score. The Salem five ought to have an easier time with the Struthers lads than the wonder five from the Mahoning city.

Several important county games are on the bill this week. Lisbon, flashing along in fine style, will buck up against some stiff opposition at East Palestine where two of the best Brown and White teams in history are plugging along toward a possible title. Both Boys and Girls games should be hummers, and they will go a long way to cracking the ice in the early season race.

Those games are Friday night. Saturday Liverpool plays return games with Lisbon at Lisbon, and Columbiana journeys to Wellsville.

Last Night's Fights

At Brooklyn—Joe Glick, Brooklyn, knocked out Ruby Stein, New York, seventh round; Eddie Anderson, Wyoming, knocked out Spencer Gardner, Newport, R. I., first round; Harry Wallach, New York, got the decision over Billy Kennedy, New Orleans, ten rounds.

At New York—Joey Silvers, Brooklyn, knocked out Sid Marks, California, first round.

At Philadelphia—Billy Wells, England, won on a foul from Sailor Friedman, Chicago, in sixth round of a scheduled ten-round fight. Max Rosenbloom, New York, won the decision

over Reddie Smith, Battle Creek, Mich., ten rounds; Matt Aggie, Philadelphia, stopped Slim Conrad, Philadelphia, in first round; Alex Bader, Philadelphia, stopped Red Delph, Reading, Pa., in the fourth of a six round bout; Tex McEwan, Canada, stopped George Gamas, Philadelphia, in fifth round.

London—For the first time in more than a generation a snow plow was operated in London recently. It was used in the west end to push paths through the several inches of snow.

Albany—New York city has 80,000 less aliens than it had 10 years ago, according to the state census report submitted to the legislature.

CLERKS AND TIRES TO DECIDE WHICH IS TO MEET DOGS

Game Wednesday Night to Be Elimination for Title Contest.

The Clerks and Salem Tires, leaders in the city basketball league, will decide which is to play the Lucky Dogs for the city championship when they meet in a scheduled game in the league at 8 p. m. Wednesday at the Memorial building.

Decision to move this game, and others, scheduled for Friday night, up to tomorrow night, was made late Monday.

The opening game Wednesday night will be between the Mullins and Cubs fives, and the third game between Emanuel Lathran and St. Paul's. The first game is to start at 7 p. m. sharp.

Managers of the Clerks and Tires today were making an effort to get Hugh McPhee, Youngstown official, to referee their game.

Fans will see one of the hottest battles of the year when these two teams tangle. Both are going at white hot heat. Both expect to be the next city champ, or at least play the Dogs for the title.

Managers of all league teams met last night at the Memorial building and decided that the disputed Mullins-Deming game several weeks ago which both teams claimed, will have to be played over, at a date to be set later.

The managers made a rule that a player is ejected twice during the season for roughness or ungentlemanly action, he will be barred from further participation in the league for the rest of the season.

This action was taken because of an argument in a recent game, in which one player was ejected by the referee. A second offense of this kind will bar any player from now on.

Tonight's games in the league will be the Standard Oils-Deming and Kiwanis-Electric Furnace games.

The lungs of the average man contain about five quarts of air.

McQuillan Sustains Broken Hand, Report

New York, Jan. 19.—Efforts to communicate with Hugh McQuillan, pitcher of the New York Giants, proved unavailing today, following advice from the Giants' southern headquarters at Sarasota, Fla., that McQuillan had sustained a broken hand. The injury is alleged to have occurred during an altercation with a taxi driver.

MORE UPSETS IN MULLINS LEAGUE

Mills Wrights, Fender Weld and Polishers Tied For First Place.

"My how things change," remarked Mr. West of the Press Room to Mr. Still of the Tool Room during some Mullins bowling league games last week. He was referring to the continuous round of upsets that have been featuring play in the league from week to week.

Though the Office still manages to keep a death grip on last place, all the other teams have changed places so much they don't know where they are going to sit next.

Last week the Millwrights took three straight games from the Press Room and went into first place. The Fender Weld took three straight from the Tool Room, and the Polishers made it two out of three from the Office, making these three winners tied for first place. The Tool Room and Press Room are now tied for second place and the Office last.

Results last week were:

Fender Weld	915	840	855
Tool Room	858	812	836

Office	866	737	806
Polishers	824	866	883

FRENCH INDUSTRY MAKING PROGRESS

Political Uncertainty and Financial Situation Are Main Drawbacks.

Washington, Jan. 19.—With negotiations on the French debt of \$4,000,000,000 expected to be resumed by Ambassador Berenger in the near future, information was made public today by the Department of Commerce showing that in 1925 notable progress was made by industry and agriculture in France.

Production in many fields was ahead of pre-war days, and while a note of uncertainty marked predictions for the future, industrial activity was described as "continuing good," in a cable from American commercial attaché, Chester L. Jones.

This information was taken to indicate that on the "capacity to pay" basis, France cannot hope to secure better debt settlement terms than were offered to former Minister Caillaux, when he met the American commission a few months ago.

It was anticipated at the treasury that the new ambassador from France, who has the added responsibility of debt negotiation, will pay a call on Secretary of the Treasury Mellon soon after he presents his credentials to President Coolidge.

Technically the meeting will renew debt negotiations, although no definite terms are to be discussed until

Joe Lynch Trains For Fight Friday

New York, Jan. 19.—California Joe Lynch, who recently gained a decision over Charles Phil Rosenber, bantam champion, has resumed training at a local gymnasium for his New York debut at Madison Square Garden on Friday night.

Lynch's opponent will be Bushy Graham of Utica, N. Y., regarded by many critics as the leading bantamweight of the day. The bout is scheduled to go ten seconds. Tommy Milligan of England, and Hack Zivic of Pittsburgh, being nominated for the feature match.

France's political situation clears officials thought.

Data on the French situation obtained by Secretary Hoover's department showed that especially in the coal and iron mining industries and agriculture, progress is being made.

Political uncertainty and the tangled situation in public finance, coupled with rising living costs and new demands for wage adjustments, are the principal drawbacks to permanent French prosperity, it was said.

Owing to the great demand for labor France has become one of the world's most important immigration nations. The newcomers, according to Jones, are entering the country not in response to seasonal labor demand, but in contemplation of permanent residence. About 100,000 immigrants came into France last year.

Tie a tin to trouble

A TIDY red tin of Prince Albert, to be exact. There's the greatest little trouble-chaser in the known world. P. A. and trouble don't speak the same language. But trouble understands when P. A. says: "On your way!" Pipe-grouches choose the nearest exit.

Yes, Sir, P. A. is right there with the Pollyanna stuff. Sunshine, gladness, the light heart, the bright smile. Because Prince Albert is the cheeriest, chummiest tobacco that ever tumbled into a briar or cornucopia. A pal to count on, no matter how the battle goes. A friend in fair weather and foul. Good old Prince Albert!

Smoke P. A.—and smile. Cool, comfortable P. A. Fragrant, friendly P. A. Not a tongue-bite or a throat-parch in a ton of it. The Prince Albert process hung the "No Admittance" sign on Bite and Parch the day the factory opened. That means you can hit P. A. hard and fast—with no regrets!

Men who gave up trying to smoke a pipe have tried again... with Prince Albert! That proved to be their passport to jumbo pipe joy. They're P. A. fans today... joyous, contented, glad they've found their tobacco. Buy a tidy red tin before you do another thing.

P. A. is sold everywhere in tidy red tins, pound and half-pound tin humidor, and pound crystal glass humidor with sponge-moistener top, and always with every bit of bite and parch removed by the Prince Albert process.

MUSICAL COMEDY

Fresh from a six months tour of the Pacific coast, R. G. Hildorf's "Steppin' High," a musical comedy with a cast of 40 colored performers, comes to the Grand tonight for a single performance.

Little known in this part of the country, the California darktown step-pers are said to be some of the best in the business. Hazel Myers and Kitty Rees, whom the western critics say are as good as Florence Mills and other Broadway colored favorites, are at the head of the cast. Included in the company are a jazz orchestra, several groups of entertainers, a quartet, and plenty of comedians. The chorus is composed of 20 dark beauties.

AT THE STATE

Richard Barthelmess' newest film offering, "Soul Fire," the story of a degenerate who became a music master, opened last night at the State, and will be shown again this evening. Bessie Love, in the role of a maiden of the south seas, is his chief support in this story of the exotic east. Barthelmess has a part new to him but he handles it with ease and scores his usual hit.

Paramount's entertainment, "The American Venus," which immortalizes the charms of America's most beautiful girl, is to be the attraction at the State Wednesday and Thursday.

The story, by Townsend Martin, built around a nation-wide search for the loveliest, shapeliest and most graceful girl in America, is chock-full of comedy, romance, melodrama and thrills. Bound up with the beauty quest is a refreshing love story between one of the contestants and an enterprising young publicity man.

The chief roles are handled by Esther Ralston, Lawrence Gray, Ford Sterling and Fay Lanphier, who was crowned "Miss America" at the 1925 bathing beauty contest at Atlantic

"THE ANCIENT MARINER" Coming to the Grand Wednesday is one of the greatest stories ever told. "The Ancient Mariner" based on Samuel Taylor Coleridge's "The Rime of the Ancient Mariner."

This entrancing spectacle has been given a production by Fox Films in which no amount of time, labor or expense was spared to insure accuracy and entertainment of a superlative nature.

The story is told in two parts. The modern story serves to introduce a beautiful sequence. The allegorical portion of the picture was directed by Henry Otto who directed "Dante's Inferno."

Paul Panzer, one of America's foremost actors, plays the titular role in the fantasy sequence with Gladys Brookwell and Robert Klein also prominently cast depicting the characters of the modern sequence are Clara Bow, Leslie Fenton, Nigel De Bruiler and Earle Williams. Chester Bennett directed this phase of the picture.

LEETONIA

As is the regular custom the rural mail carriers of the Leetonia post office have made their January count. This count was for the first 15 days of January. There are three rural carriers out of Leetonia who have

been kept busy as the following count will show.

Rural delivery Route 1, A. L. Rudebeck, carrier, delivered 6,544 pieces of mail and collected 735.

Rural delivery Route 2, J. H. Wazenhous, carrier, delivered 4,699 pieces of mail and collected 336.

Rural delivery Route 3, D. E. Stewart, carrier, delivered 5,555 pieces of mail and collected 1,416, making a grand total of 16,898 pieces delivered and 2,581 pieces collected. The city carrier do not make this count.

Mr. and Mrs. Elmer Harrold were in Youngstown Saturday where in the evening they attended the Nature Study banquet at the Y. W. C. A. Mr. Harrold, who is a member of the Nature Study club of Youngstown, is widely known as a photographer of wild flowers and at the banquet he gave the result of his travels through woods and fields.

Isaac Chappel, a Leetonia resident a number of years ago, has returned to Leetonia to make his home bringing with him his bride, with whom he was united in marriage during the past week. Mrs. Chappel was Mrs. Mary Bailey of Lorain. Mr. Chappel's former home. They are now occupying the Ruhl property on East Side. Mr. Chappel has purchased an interest in the Leetonia Milling company and is employed there.

During the past week the high school students have been enjoying the snow in a series of old fashioned parties.

The Seniors went to Turkey Run Inn on the Columbiana rd. and returned, Misses Herzler and Bechtolt being their chaperones. The Sophomores went toward Lisbon through Franklin Square and returning were entertained at the home of Miss Ag-

nes Cope where games, music and a delightful lunch were enjoyed.

At the regular meeting of the local organization of Pythian Sisters the following officers were installed for the ensuing year: P. C., Mrs. Thresa Gottschalk; M. E. C., Miss Mabel Middleton; E. S., Mrs. Alice Hendricks; E. J., Mrs. Laura Johnson; M., Mrs. Mildred Wyzant; M. T. F., Mrs. Estella Brady; M. of R. and C., Mrs. Pearl Arnold; proctor, Mrs. Mayme Arnold; guard, Mrs. Ida Caldwell. Following the installation exercises a fine lunch was served.

Mrs. P. M. Kelley, the Misses Carrie and Mame Seilly motored to Salem and East Liverpool Saturday returning in the evening. They were accompanied by Mr. Kelly, who is employed in Wellsville. Mr. Kelly remained over the week end here with his family.

Don't Neglect That Stubborn Hacking Cough

It is not only dangerous but entirely unnecessary to let a persistent, hacking cough rob you of sleep and strength. For through a very simple treatment you can get almost instant relief, and very often break the most stubborn cough completely in 24 hours.

This treatment is based on the famous prescription known as Dr. King's New Discovery for Coughs. You simply take one teaspoonful at bed-time and hold it in your throat for 15 or 20 seconds before swallowing it. The prescription has a double action. It not only soothes and heals soreness and irritation, but it quickly removes the phlegm and congestion which are the real cause of night coughing. So the coughing quickly ceases and you sleep right through undisturbed.

Dr. King's New Discovery is for coughs, chest colds, sore throat, hoarseness, bronchitis, spasmodic croup, etc. Fine for children as well as grown-ups—no harmful drugs. Economical, too, as the dose is only one teaspoonful. At all good druggists. Ask for

In Henry Ford's Home You'll Find a Thor Cylinder Washer

Henry Ford is known world over as a mechanical genius. He has made it possible for EVERY family to enjoy the healthful recreation of motoring.

THE use of Thor Cylinder Washer in the homes of those who know the best is a tribute to Thor quality.

Thor Washers made seventeen years ago are still washing every week. And during these seventeen years every detail has been constantly improved to make the present Thor truly a lifetime washer.

Thor washes most gently. Dry cleaners everywhere use Thor's cylinder principle for delicate chiffons and laces—as well as for blankets—because it cleans thoroughly and without wear. No other method makes clothes last so long.

The Thor costs no more than an ordinary washer. Sold on small monthly payments you'll never miss.

COLUMBIANA

ORCHARDISTS TO HEAR MATTHEWS' NORTHWEST TALK

The next meeting of the Columbiana County Agricultural Society will be held at the City Hall, Lisbon, at 1:30 p. m., Saturday.

Election of officers, arrangements for the purchase of orchard fertilizer and discussions on spraying and thinning will be taken up in the order named.

W. H. Matthews of Salem, who spent some time in the northwest last fall during their picking season, will tell of his observations in Wenatchee, Yakima and Hood River. He will tell how he thinks some of the practices of the northwest orchardists may be profitably adapted to Ohio conditions, and particularly to our own county.

A question box will give an opportunity to secure information on any of individual problems in orcharding. Questions on variety, spraying, pruning, thinning, fertilizing, etc., will be answered.

Early in the spring another meeting will be called to arrange for spraying and pruning demonstrations under the direction of Mr. Holland of Ohio State University.

New Castle—Reunited after 52 years. That's the experience of John Hughes, 76, of Leesburg, Pa., and his brother, Richard, 82, of Fallsville, Pa. Both thought the other dead until the Leesburg man got trace of his brother. They met in Fallsville a few days ago.

Seward, Alaska—Strawberries, grass and crops are growing in the mild, spring-like weather here. At this time last year rotary snow plow crews were fighting snow slides.

Glance at yourself in the mirror. If telltale streaks of gray are stealing into your hair, do what thousands of men and women have done to banish them.

Hair No Longer Gray

Do you want youthful hair—glowing, soft, radiantly healthy? There is a clean, colorless liquid, known as Kolor-Bak, which has enabled thousands of men and women to take years from their appearance—to keep their rightful places in the swift-moving world of business and society.

Kolor-Bak is not messy or unpleasant to apply like ordinary dyes. You need feel no embarrassment in using it, for the hair does not change color instantly, which is often so awkward.

With Kolor-Bak, gray hair re-

gains its natural shade gradually but surely. You scarcely see its effects; yet often it accomplishes its purpose in a week.

And Kolor-Bak also acts as a tonic, routing dandruff, preventing itching and giving the hair an exquisite softness and youthful lustre.

Kolor-Bak is easy and pleasant to apply, just like water, and the same bottle may be used by anyone. Just make the test. If desired results do not appear, your money will be returned instantly. Guarantee in each package.

One from the Malsen Monge has them trimmed in fur in bands on green velvet forming a veritable muff from the elbows down. Another one for evening is made of gold cloth with the sleeves of deep flounces of gold lace and trimmed with two bands of fur. Full puffs at the wrist over a cuff of fur are being used on many coats. In fact the rule seems to be, the bigger the sleeve the better the coat or gown.

WASHINGTONVILLE

The Dorcas class of the Mission Sunday school taught by Mrs. Wm. Bell, was entertained on Friday evening in the home of Miss Clara Smith, assisted by Miss Rhea Abbott. After a short business session the hours were socially spent with music, games and contests. Misses Wilma DeJone and Mildred Franklin winning the honors. A tray luncheon was served by the hostesses. The class will be entertained in the home of Miss Iris Atkinson on Feb. 19.

Fumes From Running Motor Kill Three

Union City, N. J., Jan. 19.—Three members of a family of four were killed today by carbon monoxide gas generated by the running motor of a bus in a garage beneath their apartment. The dead are: Charles Molinari, 26, and his two daughters, Renna, 8, and Augusta 4. The mother, Rose, is not expected to recover.

Mrs. W. L. Weikart and Mrs. Russell Weikart and little son, spent Friday in the home of Mrs. Lottie Smith at East Liverpool. Twenty-one members of Welcome lodge, No. 247, K. of P., attended a meeting of the K. of P. lodge at Sebring on Friday evening in honor of John H. Berry a former resident and a charter member of Welcome lodge of Washingtonville. Besides Mr. Berry there were four other charter members of Welcome lodge present: F. L. Stouffer, J. N. Paisley, J. G. Thorpe and Thomas McIntosh. Members were present from the surrounding towns and the evening termed as "Berry night" will long be remembered by all those who were present.

Mrs. Jacob Boston is quite sick at the home of her daughter, Mrs. George Pirth. Loran Weikart is ill of quincy. Mr. and Mrs. Lynn Davis and daughter, Grace, were callers Sunday afternoon in the home of Mr. and Mrs. W. E. Roller at Salem. Wilma Jean Orr of Columbiana spent the week end with her aunt, Mrs. Ralph Warner. Her mother, Mrs. Charles Orr is seriously ill of rheumatism.

Miss Irene Bell assisted Mr. Thorpe in the postoffice on Saturday. Mrs. Emma Herron of Salem was

LATEST IN STYLE FOR WOMEN

Paris, Jan. 19.—Startling sleeves now appearing at the smart dress makers are putting a crimp into the old statement about there being nothing new under the sun. After a bare arm season or two, sleeves are taking on paramount importance, in fact upon the sleeve depends a large amount of the success of the gown. One of the best dressmakers is featuring the very much exaggerated sleeve with cuffs that are not mere cuffs but trailing draperies of lace, lame or of the material itself which changes the simplest gown into a very elaborate one. The sleeve that is loose and even shirred above the elbow and very tight below is a new winter feature, taking one back to "leg o' mutton" days. But the most usual style is tight above the elbow with long flowing drapes below. A charming model seen at the Ritz dance comes in black chiffon velvet with the collar, panels and lower sleeves of finely-pleated tucked georgette. Tight sleeves with great cuffs that are extremely decorative are a new crink of the season. Almost every couturier is showing the trimmed sleeve. Coats have very important sleeves.

How Much Coal Do You Waste?

In heating your house you may be throwing away money with every shovelful of coal. The heating plants of thousands of homes are wasteful, for one reason or another. It may be that no matter how much fuel you burn, your house is not satisfactorily warmed. The trouble should be located and corrected. The trouble with your heating plant may be due to the selection of a furnace of the wrong type or size, to faulty installation, poor operation, or to ill-fitting doors and windows. You may secure a free government publication on the subject which is certain to be of great aid to you if you are having furnace trouble of any kind. Our Washington Information Bureau will secure a copy for any of our readers who want it. Enclose two cents in stamps for return postage, and write your name and address clearly.
